#### Visual Steps™

*More Windows Vista for SENIORS* makes use of the Visual Steps Method developed for adult learners by **Addo Stuur**. Key features in the series ... for SENIORS:

- **Content:** the special needs and requirements of the beginning user with little or no technical background have been taken into account.
- **Structure:** self-paced, learn as you go. Proceed step by step with easy to follow instructions. What's more, the chapters are organized in such a way that you can skip a chapter or repeat another as desired.
- **Illustrations:** plentiful use of screen illustrations to show you if you are on the right track.
- **Start right away:** lay the book by the keyboard and carry out the instructions on your own computer as shown in the book.
- **Layout:** larger print makes it easy to read.

#### The Studio Visual Steps Authors

The Studio Visual Steps team of authors consists of different professionals, all thoroughly experienced in their subject field.

The proven Visual Steps methodology features:

- Easy, step by step instructions
- Screen illustrations for each step
- Explanations and additional background information in plain English
