

# iPad<sup>®</sup> with iOS 11 and higher FOR SENIORS

If you own an iPad and you would like to learn how to use it, then this is just the right title for you! You will get acquainted with the most important options, all at your own pace. Before you know it, you will be sending email and searching the Internet for information.

In the first chapter, you learn how to set up the iPad and connect it to a Wi-Fi or mobile data network. Next, you start surfing the Internet and using email and other apps (programs) for various purposes such as keeping a calendar or planning a trip.

In the App Store are lots of additional (free) apps available for your iPad. This book will show you how to install such an app. You will also practice taking pictures and recording video with your iPad, and you even learn how to adjust various settings that can make working with the iPad easier. If you have an iPhone, there is an additional chapter covering iOS 11 for that as well. In short: this is the ideal title for learning how to work with the iPad!
